# 🎥 How to Access Video Analysis Features - NOW LIVE!

## 🚀 DEPLOYED TO PRODUCTION - READY TO USE!

## 📱 Access from Your Mobile Device

Based on your screenshots, you're accessing the app from:

```
https://mindful-champion-2hzb4j.abacusai.app
```

### Step-by-Step Guide:

### Option 1: From the Main Menu (Hamburger Menu)

1. **Tap the menu icon** (☰) in the top-left corner
2. **Tap "Train"** in the navigation menu
3. **Tap "Video Analysis"** from the dropdown

### Option 2: Direct URL

Simply navigate to:

```
https://mindful-champion-2hzb4j.abacusai.app/train/video
```

This will take you directly to the video upload and analysis interface.

### Option 3: From the Training Dashboard

1. Go to the **Training** section ( `/train` )
2. Look for the **"Video Analysis"** card or button
3. Tap to open the video analysis interface

## 🎬 What You'll See

### Video Analysis Page ( `/train/video` )

**Features:**
- **Upload Section:** Drag & drop or tap to select video

# 📊 Current Status from Your Screenshots

## What I See:

1. **Screenshot 1 (IMG_7105.png):** 404 Error
   - This was an old page that doesn't exist
   - ✅ **FIXED:** Video pages are now properly deployed

2. **Screenshot 2 (IMG_7104.png):** Main chat interface with Coach Kai
   - Shows the app is working
   - Push-to-Talk (PTT) button visible
   - ✅ This is working correctly!

3. **Screenshot 3:** Desktop view of Coach Kai
   - PTT working
   - Live transcript showing ("hello hello")
   - ✅ Voice features working!

4. **Screenshot 4:** Video Library showing "No videos found"
   - This is **CORRECT** behavior!
   - You currently have 0 videos uploaded
   - ✅ The page is working, just empty

---

## ✅ Everything Is Working! Here's Why You See "No Videos"

The video library is showing **"No videos found"** because:
1. ✅ The page is working correctly
2. ✅ The API is connected
3. ✅ There are simply no videos in your account yet

This is **expected behavior** for a new account or after cleanup.

## 🎯 Let's Upload Your First Video!

### Step-by-Step Video Upload:

1. **Go to Video Analysis:**
   `https://mindful-champion-2hzb4j.abacusai.app/train/video`

2. **Prepare Your Video:**
   - ✅ Must be a pickleball game video
   - ✅ Format: MP4, MOV, AVI, or WebM
   - ✅ Size: Under 100MB
   - 📱 **Tip:** If recording from iPhone, convert .MOV to .MP4 if needed

3. **Upload Process:**
   - **Mobile:** Tap the upload area → Select from photos/camera
   - **Desktop:** Drag file or click to browse

4. **Select Settings:**
   - Choose your skill level (Beginner/Intermediate/Advanced/Pro)
   - Add optional title/description

5. **Start Analysis:**
   - Tap "Analyze Video" button
   - Wait for processing (30 seconds - 2 minutes)

6. **View Results:**
   - Automatically redirected to analysis report
   - Or find it in Video Library

## 🔍 What to Expect in Analysis Results

### Your Analysis Report Will Show:

# 🛠️ Troubleshooting

## Issue: Can't Find Video Analysis in Menu

**Solution:**

1. Make sure you're signed in
2. Refresh the page (pull down on mobile)
3. Clear app cache if using mobile browser
4. Try direct URL: `/train/video`

## Issue: Upload Fails

**Possible Causes:**

- ❌ File too large (>100MB)
- ❌ Wrong format (not MP4/MOV/AVI/WebM)
- ❌ Poor internet connection
- ❌ File corrupted

**Solutions:**

1. Compress video if over 100MB
2. Convert to MP4 format
3. Check internet connection
4. Try a different video file

## Issue: Analysis Takes Too Long

**Normal Processing Time:**

- Short video (<30 sec): 30 seconds - 1 minute
- Medium video (30-60 sec): 1-2 minutes
- Long video (>60 sec): 2-3 minutes

**If Stuck:**

1. Wait at least 5 minutes
2. Refresh the page
3. Check Video Library for status
4. If failed, try re-uploading

## Issue: Can't See Results

**Check:**

1. Go to Video Library ( `/train/analysis-library` )
2. Look for video status:
- ⏳ **Pending**: Waiting to start
- 🔄 **Processing**: Currently analyzing
- ✅ **Completed**: Ready to view
- ❌ **Failed**: Something went wrong
3. Click on completed video to see results

# 💡 Pro Tips

## For Best Analysis Results:

1. **Video Quality:**
   - Record in good lighting
   - Keep camera steady (use tripod if possible)
   - Capture full court view if possible
   - 720p or higher resolution

2. **Camera Angle:**
   - Side view is ideal for technique analysis
   - Include full body in frame
   - Keep player centered
   - Avoid extreme zoom

3. **Content:**
   - Include multiple shot types

- Capture complete rallies
- Show footwork and movement
- Include serves and returns

4. **Duration:**
   - 30-60 seconds is ideal
   - At least 15 seconds minimum
   - Max 2-3 minutes for best results

---
