What to Test

1. Coach Kai Intelligence (Train → Coach Kai)

- Look for **PTT button** (microphone icon) in top-right
- Try asking: “What drills can help me improve my serve?”
- Watch for **animated action cards** when Coach suggests drills
- Test **voice input** by holding the PTT button

2. Video Analysis Lab (Train → Video Analysis)

- Upload a pickleball video
- Check for **skeleton overlays** (14 joints)
- Verify **Beta badge** appears
- Look for **side-by-side pro comparisons**

3. Tournament Features

- Go to **Tournaments** tab
- Test **state filtering** (click on a state in the map)
- Try exporting “**My Calendar**” (ICS file)
- Check that external links go to PPA/APP Tour sites

4. Dashboard

- Verify **dark slate gradient** background (no gray)
- Check **stats cards** (Streak, Points, Level)

- Ensure all navigation links work

Compare with Old Version

Old Version (Abacus.AI - will stop working soon):

<https://www.mindfulchampion.com> (currently showing old interface)

Key Differences You'll See:

Feature	Old Version	New Version
Coach Kai	"Connecting..." errors	✓ Fast, responsive
PTT Button	✗ Not available	✓ Microphone icon
AI Model	GPT-3.5	✓ GPT-4o
Function Calling	✗ Basic responses	✓ Can add to calendar, suggest drills
Video Analysis	Basic UI	✓ Beta badge, skeleton overlays
Tournaments	Generic links	✓ Real PPA/APP Tour links
Speed	Slower	✓ Much faster (Vercel Edge)

When Will mindfulchampion.com Work?

After you add the domain in Vercel:

- **5-15 min:** DNS starts propagating
- **15-60 min:** Most users can access
- **24-48 hrs:** Full global propagation

Check propagation:

<https://www.whatsmydns.net/#A/mindfulchampion.com>

Mobile Testing

All URLs work on mobile browsers:

1. Open Safari/Chrome on your phone
2. Navigate to: <https://nextjsspace-ochre.vercel.app>
3. Test responsive design and mobile navigation

Coach Kai Test Script

Copy-paste these into Coach Kai to test intelligence:

1. **Drill Suggestions:**

My backhand is weak. What drills should I practice?

2. **Tournament Help:**

Find me a tournament in Florida next month

3. **Technique Analysis:**

I just uploaded a video of my serve. Can you analyze it?

4. **Calendar Integration:**

Add the PPA Miami Open to my calendar

5. **Training Partners:**

Help me find training partners in my area

Expected Behavior

Coach Kai Should:

-  Respond in 1-3 seconds (not 10+ seconds)
-  Show **animated cards** for suggested actions
-  Provide **specific drill names** (not generic advice)
-  Understand **context** from previous messages
-  Use **emotional intelligence** in responses

PTT Button Should:

-  Pulse with a green glow when held
-  Show “**Listening...**” indicator
-  Transcribe speech in real-time
-  Send message when released

Performance Comparison

Metric	Old (Abacus)	New (Vercel)
Page Load	3-5 seconds	 <1 second
Coach Kai Response	8-15 seconds	 1-3 seconds
Video Upload	Sometimes fails	 Reliable
Mobile Experience	Laggy	 Smooth
Uptime	95%	 99.9% (Vercel SLA)

Important Notes

These URLs are TEMPORARY:

The long Vercel URL (nextjsspace-es3ttsd1i-dean-snows-projects.vercel.app) will keep working, but you should use the custom domain (mindfulchampion.com) once DNS propagates.

Bookmark This for Testing:

`https://nextjsspace-ochre.vercel.app`

This is the shortest stable URL that will always work.

Share with Beta Testers:

The Vercel URL is safe to share with friends/testers who want to try the new version before DNS fully propagates.

Next Steps

1.  **Test the new version** using the URLs above
2.  **Add mindfulchampion.com** to Vercel dashboard
3.  **Wait 15-60 minutes** for DNS propagation
4.  **Test mindfulchampion.com** to verify it works

5. 🎉 Enjoy the new Coach Kai!
