

Tournament Image Replacement Report

Date: December 19, 2025

Project: Mindful Champion - Tournament Hub Enhancement

Commit: 10d1731

Summary

Successfully replaced **ALL** tournament card images across the platform with compelling tournament action and environment imagery. All generic paddle/equipment close-ups have been eliminated in favor of dynamic competition scenes.

Problem Identified

- **ALL tournament cards** displayed generic paddle close-up images
 - MLP Miami Slam, US Open, PPA Tour Finals: Same blue/red paddle photos
 - No visual distinction between tournaments
 - Failed to convey tournament atmosphere, competition energy, or event environment
 - User feedback: "let's find other photos for this area" (referring to tournament imagery)
-

Solution Implemented

✓ Image Strategy

Replaced all tournament images with:

- **Tournament environment imagery:** Indoor/outdoor competition venues
- **Players competing:** Action shots showing actual gameplay
- **Tournament atmosphere:** Competition settings with proper context
- **Variety:** Each card has a DIFFERENT image showing diverse tournament scenes

```

Responsive Behavior

- Images use `object-cover` for proper scaling
- Hover effects: `group-hover:scale-105` with smooth transition
- Gradient overlays for text readability
- Works across all breakpoints (mobile/tablet/desktop)

Performance

- All images optimized at 800px width, 80% quality
- Lazy loading via Next.js Image component
- Fast loading with Unsplash CDN
