ACTION PLAN

Immediate Actions (Today):

1. **Sign in to Google Admin Console**
 - URL: <https://admin.google.com>
 - Account: dean@mindfulchampion.com
 - Time: 2 minutes
2. **Navigate to Users Section**
 - Click "Users" in left sidebar
 - View all 7 current users
 - Time: 1 minute
3. **Delete 6 Users (One by One)**
 - Click on user → Delete user → Confirm
 - Repeat for all 6 accounts
 - Time: 6-8 minutes (1-2 min per user)
4. **Verify Completion**
 - Check Users section shows 1 user
 - Check Billing section shows 1 license
 - Time: 2 minutes

Total Time: 10-15 minutes

Follow-Up Actions (Next Billing Cycle):

1. **Verify Invoice**
 - Check next Google Workspace invoice

- Confirm charge is \$6 (not \$42)
- Confirm savings of \$36

2. **Test Email Functionality**

- Send test email through your app
- Verify emails are delivered via Resend
- Confirm no errors

IMPORTANT REMINDERS

DO:

- **Delete users** (not suspend) to free up licenses
- Keep dean@mindfulchampion.com active
- Verify license count after deletion
- Check billing section for confirmation
- Test app email functionality after deletion

DON'T:

- Don't suspend users (you'll still be charged!)
- Don't delete dean@mindfulchampion.com
- Don't worry about losing email functionality (Resend handles it)
- Don't rush - take time to verify each deletion

GOOD TO KNOW:

- Deleted users can be recovered within 20 days
- Changes may take effect on next billing cycle
- Resend API handles all app emails now
- No impact on app functionality

SAFETY & RECOVERY

Data Backup:

- All deleted users can be restored within 20 days
- User data is retained for 20 days after deletion
- After 20 days, data is permanently deleted

Recovery Process:

1. Go to Google Admin Console
2. Navigate to Users → Deleted users
3. Select user to restore
4. Click "Restore user"
5. User and data will be recovered

Email Functionality:

- App emails are handled by Resend API

- No dependency on deleted Gmail accounts
 - Email delivery will continue uninterrupted
 - Test emails after deletion to confirm
-

**CONCLUSION**

You're all set to cancel 6 Google Workspace licenses and save \$36/month (\$432/year) without any impact on your app's email functionality.

Why This Works:

- Your app uses Resend API for emails (not Gmail)
- The 6 accounts were never actually used
- Deleting them frees up licenses immediately
- You keep your primary admin account (dean@mindfulchampion.com)

What You Get:

- ☒ \$36/month savings (\$432/year)
- ☒ Cleaner Google Workspace setup
- ☒ No impact on app functionality
- ☒ Same email delivery through Resend

Time Investment: 10-15 minutes

Risk Level: None

Difficulty: Easy

Reward: \$432/year in savings
