

Google Workspace License Cancellation Guide

Mindful Champion - Save \$36/month by Removing 6 Unused Licenses

Date: December 18, 2024

Objective: Cancel 6 Google Workspace licenses and keep only dean@mindfulchampion.com

Monthly Savings: \$36/month (\$6 per license × 6 licenses)

Annual Savings: \$432/year

✓ PART 1: RESEND API KEY VERIFICATION (COMPLETED)

Status: VERIFIED AND CONFIGURED ✓

The RESEND_API_KEY has been successfully verified in Vercel environment variables:

- **Variable Name:** RESEND_API_KEY
- **Environment:** All Environments (Production, Preview, Development)
- **Last Updated:** December 14, 2024
- **Status:** Active and properly configured

Screenshot Reference: See Vercel Environment Variables screenshot showing RESEND_API_KEY

What This Means:

- ✓ Your app is now using Resend for email delivery (not Gmail SMTP)
 - ✓ Gmail SMTP configuration has been removed from the codebase (commit 305673a)
 - ✓ You can safely cancel Google Workspace licenses without affecting email functionality
 - ✓ Emails will be sent through Resend API using your verified domain
-

📋 PART 2: GOOGLE WORKSPACE LICENSES TO CANCEL

Licenses to CANCEL (6 total):

1. **welcomefrommc@mindfulchampion.com** - Welcome email sender
2. **coachkai@mindfulchampion.com** - AI Coach email sender
3. **support@mindfulchampion.com** - Support email sender
4. **partners@mindfulchampion.com** - Partnership email sender
5. **sponsors@mindfulchampion.com** - Sponsorship email sender
6. **admin@mindfulchampion.com** - Admin email sender

License to KEEP (1 total):

- **dean@mindfulchampion.com** - Your primary admin account ✓

PART 3: ACCESSING GOOGLE WORKSPACE ADMIN CONSOLE

Step 1: Navigate to Google Admin Console

1. Open your web browser
2. Go to: **<https://admin.google.com>**
3. You will be redirected to Google sign-in page

Step 2: Sign In with Admin Account

1. **Email:** dean@mindfulchampion.com (should be pre-filled)
2. **Password:** Enter your Google Workspace admin password
3. Click **“Next”** button
4. Complete any 2-factor authentication if enabled

Important: You must sign in with an account that has Super Admin privileges to manage users and licenses.

PART 4: DELETING OR SUSPENDING USERS

Understanding the Difference:

DELETE USER (Recommended for unused service accounts)

- **Pros:**
 - Immediately frees up the license
 - Removes the user completely from your organization
 - Stops billing immediately
 - Clean and permanent solution
- **Cons:**
 - User data is deleted after 20 days (recoverable within 20 days)
 - Cannot be undone after 20 days
- **Best for:** Service accounts that were never used for actual email communication

SUSPEND USER (Recommended if you want to keep data)

- **Pros:**
 - Keeps all user data intact
 - Can be reactivated later if needed
 - Preserves email history
- **Cons:**
 - **DOES NOT free up the license** - You will still be charged!
 - User cannot access their account but license remains assigned
- **Best for:** Temporary deactivation or if you need to preserve data

IMPORTANT RECOMMENDATION:

For your use case, DELETE the users because:

1. These are service email accounts (not real people)

2. Your app now uses Resend API (not these Gmail accounts)
3. You want to save money by freeing up licenses
4. Suspending will NOT save you money - you'll still be charged!

PART 5: STEP-BY-STEP DELETION PROCESS

Step 1: Access Users Section

1. After signing in to admin.google.com, you'll see the Admin Console dashboard
2. Look for the **"Users"** card or menu item (usually in the left sidebar or main dashboard)
3. Click on **"Users"** to view all user accounts

Step 2: Locate the User to Delete

1. You'll see a list of all users in your organization
2. Use the search bar to find specific users, or scroll through the list
3. You should see all 7 accounts:
 - dean@mindfulchampion.com (KEEP THIS ONE)
 - welcomefrommc@mindfulchampion.com
 - coachkai@mindfulchampion.com
 - support@mindfulchampion.com
 - partners@mindfulchampion.com
 - sponsors@mindfulchampion.com
 - admin@mindfulchampion.com

Step 3: Delete Each User (Repeat for all 6 accounts)

For each of the 6 accounts to delete:

1. **Click on the user's name** (e.g., welcomefrommc@mindfulchampion.com)
2. This opens the user details page
3. Look for the **"More options"** menu (three vertical dots ⋮) or **"Delete user"** button
4. Click **"Delete user"** or **"More options" → "Delete user"**
5. A confirmation dialog will appear with important information:
 - Warning about data deletion
 - Option to transfer data to another user (optional)
 - Confirmation that the license will be freed
6. **Optional:** If you want to transfer any data (emails, Drive files) to dean@mindfulchampion.com:
 - Check the box for "Transfer data to another user"
 - Select dean@mindfulchampion.com as the recipient
7. Click **"Delete"** or **"Delete user"** to confirm
8. The user will be deleted and the license will be freed immediately

Step 4: Repeat for All 6 Accounts

Repeat Step 3 for each of these accounts:

- ☒ welcomefrommc@mindfulchampion.com
- ☒ coachkai@mindfulchampion.com
- ☒ support@mindfulchampion.com
- ☒ partners@mindfulchampion.com

-  sponsors@mindfulchampion.com
-  admin@mindfulchampion.com

DO NOT DELETE: dean@mindfulchampion.com (your admin account)

PART 6: VERIFYING LICENSE REDUCTION

Step 1: Check Active Users Count

1. In the Google Admin Console, go back to the **Users** section
2. At the top of the page, you should see a summary showing:
 - **Total users:** Should now show **1** (only dean@mindfulchampion.com)
 - **Active licenses:** Should show **1**

Step 2: Check Billing & Subscriptions

1. In the Admin Console, navigate to **“Billing”** or **“Subscriptions”**
2. Look for **“Google Workspace”** subscription
3. Verify the license count:
 - **Before:** 7 licenses
 - **After:** 1 license
4. Check the monthly cost:
 - **Before:** \$42/month (7 × \$6)
 - **After:** \$6/month (1 × \$6)
 - **Savings:** \$36/month

Step 3: Verify Next Billing Cycle

1. In the Billing section, check your next billing date
 2. The reduced license count should be reflected in your next invoice
 3. Google typically prorates charges, so you may see a credit for unused days
-

PART 7: EXPECTED RESULTS

Before Cancellation:

- **Total Users:** 7
- **Active Licenses:** 7
- **Monthly Cost:** \$42/month
- **Annual Cost:** \$504/year

After Cancellation:

- **Total Users:** 1 (dean@mindfulchampion.com)
- **Active Licenses:** 1
- **Monthly Cost:** \$6/month
- **Annual Cost:** \$72/year
- **Monthly Savings:** \$36/month 
- **Annual Savings:** \$432/year 

IMPORTANT NOTES & WARNINGS

1. Data Recovery Period

- Deleted users can be restored within **20 days**
- After 20 days, user data is permanently deleted
- If you need to recover a user, go to **Users → Deleted users** in Admin Console

2. Email Functionality

- Your app will continue to send emails through **Resend API**
- The deleted Gmail accounts will no longer receive or send emails
- Make sure all app email configurations point to Resend (already done in commit 305673a)

3. Domain Aliases

- If any of these email addresses are used as aliases, remove them first
- Check **Users → [User] → User information → Email aliases**

4. Email Forwarding

- If any of these accounts have email forwarding rules, they will stop working
- Check if you need to preserve any forwarding rules

5. Shared Drives & Files

- If any of these accounts own shared drives or important files, transfer ownership first
- Go to **Apps → Google Workspace → Drive and Docs → Manage shared drives**

6. Calendar Events

- If any of these accounts created calendar events, they may be affected
- Consider transferring calendar ownership if needed

7. Admin Privileges

- Make sure dean@mindfulchampion.com has Super Admin privileges
- Do not delete your only admin account!

TROUBLESHOOTING

Issue: “Cannot delete user - user is the only admin”

Solution: Make sure dean@mindfulchampion.com has Super Admin privileges before deleting admin@mindfulchampion.com

Issue: “User has data that needs to be transferred”

Solution:

- Choose to transfer data to dean@mindfulchampion.com
- Or skip data transfer if the account was never used

Issue: “License count hasn’t changed”

Solution:

- Wait a few minutes for the system to update
- Refresh the Admin Console page
- Check the Billing section for updated license count

Issue: “Still being charged for 7 licenses”

Solution:

- Verify users were **deleted** (not suspended)
- Check the next billing cycle - changes may take effect then
- Contact Google Workspace support if charges persist

SUPPORT RESOURCES

Google Workspace Support

- **Help Center:** <https://support.google.com/a/>
- **Contact Support:** <https://support.google.com/a/answer/1047213>
- **Phone Support:** Available for paid accounts (check your admin console)

Resend Support (for email issues)

- **Documentation:** <https://resend.com/docs>
- **Support:** <https://resend.com/support>

COMPLETION CHECKLIST

Use this checklist to track your progress:

- ☐ Verified RESEND_API_KEY in Vercel (COMPLETED )
- ☐ Signed in to Google Admin Console (admin.google.com)
- ☐ Navigated to Users section
- ☐ Deleted welcomefrommc@mindfulchampion.com
- ☐ Deleted coachkai@mindfulchampion.com
- ☐ Deleted support@mindfulchampion.com
- ☐ Deleted partners@mindfulchampion.com
- ☐ Deleted sponsors@mindfulchampion.com
- ☐ Deleted admin@mindfulchampion.com
- ☐ Verified only dean@mindfulchampion.com remains
- ☐ Checked Billing section for updated license count
- ☐ Confirmed monthly cost reduced to \$6/month
- ☐ Tested app email functionality (send test email through Resend)
- ☐ Documented completion date: ____

VISUAL GUIDE SCREENSHOTS

Screenshot 1: Vercel Environment Variables

Location: Vercel → mindful-champion → Settings → Environment Variables

Shows: RESEND_API_KEY properly configured for all environments

Screenshot 2: Google Admin Console Sign-In

Location: admin.google.com

Shows: Sign-in page with dean@mindfulchampion.com

Screenshot 3: Users Section (Before)

Expected: List of 7 users including all service accounts

Screenshot 4: Delete User Dialog

Expected: Confirmation dialog with options to transfer data

Screenshot 5: Users Section (After)

Expected: Only 1 user remaining (dean@mindfulchampion.com)

Screenshot 6: Billing Section

Expected: License count reduced from 7 to 1, cost reduced to \$6/month

SUMMARY

This guide walks you through:

1.  Verifying Resend API key is configured (COMPLETED)
2. Accessing Google Workspace Admin Console
3. Understanding the difference between deleting and suspending users
4. Deleting 6 unused service email accounts
5. Keeping only dean@mindfulchampion.com
6. Verifying license reduction and cost savings
7. Troubleshooting common issues

Expected Outcome: Save \$36/month (\$432/year) by reducing from 7 to 1 Google Workspace license while maintaining full email functionality through Resend API.
