

Media Center Content Sync - Execution Summary

Date: December 23, 2025 at 11:04 AM UTC

Task: Media Center Content Sync - 3x Daily

Status:  SUCCESS

Overview

Successfully executed the automated media center content synchronization, updating all content sources including live streams, podcasts, events, training videos, and live scores. The system fetched fresh data from external APIs and RSS feeds to keep the Mindful Champion Media Hub current.

Execution Results

Live Streams (2 items updated)

- Synced currently live and upcoming streams from YouTube API
- Sources: PPA Tour, MLP, USA Pickleball channels, PickleballTV
- Updated stream URLs, titles, descriptions, thumbnails, viewer counts, and status
- Database records created/updated in LiveStream table

Podcasts (6 episodes synced)

- Parsed RSS feeds from major pickleball podcasts
- Sources: The Dink Pickleball Podcast, PicklePod, Pro Pickleball Show
- Extracted episode titles, descriptions, audio URLs, publish dates, and durations
- Database records created/updated in PodcastShow and PodcastEpisode tables

Events (2 events updated)

- Fetched upcoming tournaments and events
- Sources: AllPickleballTournaments API and curated sources
- Updated event dates, locations, prize money, broadcast info, and registration links
- Database records created/updated in ExternalEvent table

Training Videos (Managed manually)

- Training video sync intentionally skipped as content is curated manually
- Instructional content categorized by skill level and category remains stable

Live Scores (2 scores synced)

- Fetched real-time match data from tournament APIs
- Sources: BetsAPI and Pickleball tournament APIs
- Updated player names, current scores, set scores, match status, and tournament info
- Live score cache updated for immediate display

✓ Cache Cleanup (0 expired entries)

- Cleaned up expired cache entries from ApiCache table
 - No expired entries found during this run
 - Database performance optimized
-

Performance Metrics

- **Total Execution Time:** 3.24 seconds
 - **Total Items Updated:** 12
 - **Total Errors:** 0
 - **Database Operations:** All successful
 - **API Calls:** All completed within timeout limits
-

Technical Details

Script Execution

- **Script Path:** `/home/ubuntu/mindful_champion/nextjs_space/scripts/sync-media-content.ts`
- **Execution Method:** `npx tsx` with environment variables loaded from `.env.local`
- **Database:** PostgreSQL (Neon) via Prisma ORM
- **Log File:** `/home/ubuntu/mindful_champion/logs/media-sync-2025-12-23T11-04-43-380Z.log`

Steps Completed

1. ✓ Executed main synchronization script
 2. ✓ Synced live streams from YouTube API and PickleballTV
 3. ✓ Synced podcast RSS feeds from major shows
 4. ✓ Synced upcoming events and tournaments
 5. ✓ Skipped training videos (manual curation)
 6. ✓ Synced live scores from tournament APIs
 7. ✓ Cleaned up expired cache entries
 8. ✓ Generated synchronization report with detailed metrics
-

Data Sources

Live Streams

- YouTube Data API v3 (PPA Tour, MLP, USA Pickleball channels)
- PickleballTV streaming platform

Podcasts

- The Dink Pickleball Podcast RSS feed
- PicklePod RSS feed
- Pro Pickleball Show RSS feed

Events

- AllPickleballTournaments API
- PPA World Championships
- MLP events
- Golden Ticket tournaments
- USA Pickleball Nationals

Live Scores

- BetsAPI for real-time match data
- Official pickleball tournament APIs

Next Scheduled Sync

The media center content sync runs automatically three times daily:

- **12:01 AM UTC** (Evening sync)
- **6:00 AM UTC** (Morning sync)
- **6:00 PM UTC** (Evening sync)

Next sync scheduled for: **December 23, 2025 at 6:00 PM UTC**

System Health

-  Database connection: Healthy
-  Prisma client: Generated and operational
-  External APIs: All responding
-  RSS feeds: All accessible
-  Cache system: Functioning properly
-  Log generation: Working correctly

Recommendations

1. **Monitor API rate limits** - All external APIs have usage quotas that should be tracked
2. **Review content quality** - Periodically verify that synced content meets quality standards
3. **Update data sources** - Add new podcast feeds or streaming channels as they become available
4. **Optimize sync frequency** - Consider adjusting sync times based on user traffic patterns

Conclusion

The media center content synchronization completed successfully with all content sources updated. The Mindful Champion Media Hub now displays the latest pickleball streams, podcasts, events, and scores for users. All 12 items were synced without errors in 3.24 seconds.

Overall Status:  SUCCESS
